# Welcome to the Open Africa Route Toolkit

Open Africa promotes off-the-beaten-track self-drive travel routes to help tourism businesses and cultural initiatives create and sustain much-needed economic activity in their local communities. As part of Open Africa's support to routes, we offer the Route Toolkit as an accessible source of information for route members and leaders to use.

GUIDES, RESOURCES & EXAMPLES:

- **FIND FAST —** Search the keywords of the topic you want to know about. This is the quickest way to find the information you need.
- **FULL LISTS —** Select Guides or Examples for a full list of each, or select Documents, Templates, Forms or Videos for lists of these Resources.
- **QUICK LINKS —** Click on one of the tags to see a list of related information. When you are looking for something specific it may be better to use Find Fast.

Route members have free access to the toolkit and can search for relevant information from their computers or mobile

devices. Please contact the support staff for help or suggestions on making improvements by sending an email to admin@openafrica.org.
